

The Gladiator

Sergeant Major's Letter

First and foremost, congratulations to each and every one of you that have recently enlisted and taken the first steps towards becoming United States Marines. You will soon embark on the path that only few have taken to become a part of something greater than yourselves. Your commitment to becoming one of "The Few, The Proud" demonstrates your selfless dedication to your country and our Corps.

To those of you who have been in the delayed entry program for some time, I look to you for your welcome and guidance to each new Poolee. Take advantage of the time you have remaining to capitalize on the pool functions to prepare yourself for your upcoming transformation. Make an active effort to attend each scheduled mandatory pool function and weekly physical training event with your recruiter. This demonstrates your commitment to yourself, your family, and to the Corps.

Your responsibility while in the Delayed Entry Program (DEP) is to prepare yourself mentally and physically to meet the challenges of recruit training. Our responsibility is to assist you in the endeavor. We expect you to give 100 percent effort during these meetings and functions, as we will do the same for you. It is easy to get discouraged or feel like you are not making the progress you desire. Remember that each of you are different but each of you have already demonstrated that you have what it takes to meet the challenges. To aid in this, the following will ensure you are taking the steps to ready yourself:

- Maintain weekly contact with your recruiter and the SNCOIC or the office.

- Attend the monthly scheduled pool meetings, and as many weekly PT sessions as you can.
- Begin/continue a fitness program as assigned by your recruiter that will prepare you for the rigors of recruit training.
- Meet and/or maintain HT/WT standards.
- Notify your recruiter of any changes in your status, to include: address, phone number, marital status, number of dependents, educational setbacks, medical issues, or police involvement.
- Study the Marine Corps Information your recruiter provided for you.

A very important part of the DEP is the ability to begin setting yourself up for success. While mental and physical training will prepare you for Boot Camp, taking advantage of your time in the DEP to bring in referrals will lead you to a promotion to Private First Class upon graduating from recruit training. In conjunction with the Pool Referral Incentive Program, you have an opportunity to earn some motivational Marine Corps gear, or even a Recruiting Station Columbus Coin presented by the Commanding Officer and myself.

Lastly I'd like for you to understand that your actions now reflect upon more than just yourself. You are expected to act in a manner that brings credit upon yourself, your family, and the United States Marine Corps. This demonstrates your pride for yourself, and the team that you have joined. Tell your friends, and share your experience. Don't forget why you joined and stay committed to yourself in achieving your goal!

Semper Fidelis,

Sergeant Major

General Orders

The Marine Corps general orders describe the standards for which guard duty is to be conducted.

1. To take charge of this post and all government property in view.
2. To walk my post in a military manner, keeping always on the alert, and observing everything that takes place within sight or hearing.
3. To report all violations of orders I am instructed to enforce.
4. To repeat all calls from posts more distant from the guard house than my own.
5. To quit my post only when properly relieved.
6. To receive, obey and pass on to the sentry who relieves me, all orders from the Commanding Officer, Officer of the Day,
7. Officers, and Non-Commissioned Officers of the guard only.
8. To talk to no one except in the line of duty.
9. To give the alarm in case of fire or disorder.
10. To call the Corporal of the Guard in any case not covered by instructions.
11. To salute all officers and all colors and standards not cased.
12. To be especially watchful at night, and, during the time for challenging, to challenge all persons on or near my post and to allow no one to pass without proper authority.

Referral Program

A referral is when you give your recruiter a name of someone interested in the Marine Corps and they later join the Corps. It's the easiest way to earn a meritorious promotion.

One referral to contract gets you a Marine Corps branded Barrel bag, two referrals to contract gets you a Marine Corps poolee sweat top and three referrals to contract gets you a camel pack.

Private monthly pay:

\$1,602

Private First Class monthly pay:

\$2,055

Program Specialist's Corner

High school graduation is quickly approaching for many of you. It is time to buckle down and focus to ensure that you complete this milestone in your life, especially as some of your peers are starting to drop out of school. It will be an even greater achievement as you ship to recruit training this summer and graduate as a United States Marine.

Summer is quickly approaching and proper hydration and nutrition is a must no matter the time of year. The weather is nice and the temperature is starting to get hot. You need to ensure that you are drinking water and sports drinks regularly. Do not consume energy or soft drinks before conducting any physical activity as these sap the body of water you need during physical activity. Proper nutrition means to eat wholesome food to include lean meats such as fish and chicken, fruits and vegetables, and whole grains. This will give your body the proper vitamins and minerals to sustain itself during rigorous activity.

As of the time of this publication, the following Poolees have earned the rank of Private First Class, PFC, during the last quarter (January-March 2022) by giving their recruiter (2) referrals that enlisted in the United States Marine Corps:

RSS Springfield

Poolee Brown, Mason

RSS Huntington

Poolee Akers, Isaiah

Recruit Roberts III (Piqua)
